

Specific Crimping Applicator

Special Applicator for Plug Inserts

Description

In combination with automatic feed systems, these tools enable efficient production with reproducible results.

In cooperation with the Taller company, a leading manufacturer of plug inserts, a new tooling concept was developed. In doing so we meet the more stringent requirements for quality in appliance connections.

Range of Application

Schaefer crimping applicators are used in the series production of the cable processing industry.

Examples of use

The special applicator for plug inserts is useable in the Taller EcoCrimp and ProCrimp machine.
